

## Solid Waste Division

### Essential Departmental Functions

The Solid Waste Division provides the County with a [Transfer Station](#) [1] for waste disposal, tire disposal, construction debris, and wood waste.

The [Convenience Center](#) [2] provides recycling of household materials (paper, plastic, aluminum, glass), certain electronics, mercury products, and white goods (used appliances and metals). The Department is responsible for waste reduction, recycling, and disposing of solid waste in order to protect the public's health, safety and welfare.

*\*IMPORTANT:* The Henderson County Solid Waste facilities operate under a permit issued by NC DEQ. The Transfer Station and Convenience Center are not regional facilities; therefore, we cannot accept waste generated outside of Henderson County. If the waste brought to our facilities was not generated in Henderson County, your load will be refused. This also includes household waste brought to the bag-for-bag program at the Convenience Center.

---

Hours

**Transfer Station:** 7:00 - 4:00 /Monday – Saturday

**Convenience Center:** 7:00 - 4:00 / Monday - Saturday

**Office:** 7:30 - 4:30 / Monday - Friday

---
